Big Car Strike Is Threatened in Portland

Eight Hundred Employees of Railway Demand a Readjustment of Wage Scale

PORTLAND, Ore., July 16.—The Street Car Men's Union at a meeting tonight decided to demand that the Portland Railway, Light and Power Company, which operates all the street car lines in Portland, readjust its wage scale. The union is demanding a wage scale of from 1 to 2 cents per hour, which would be a 10 percent increase over the present scale. The union is also demanding a 10 percent increase in the cost of living allowance. The union is also demanding a 10 percent increase in the cost of living allowance. The union is also demanding a 10 percent increase in the cost of living allowance.

STRIKERS START RIOT
Trouble Is Brewing Over the Attitude of the Moulders

COLUMBUS, O., July 16.—In a strike this evening between the striking moulders and the seven non-union men in the foundry of the Frank Miller, the company's bookkeeper and Albert Angel, a strike leader, employed by the company, were seriously injured. The strike was started by the moulders, who were demanding a 10 percent increase in their wages. The strike was also supported by the non-union men, who were also demanding a 10 percent increase in their wages. The strike was also supported by the non-union men, who were also demanding a 10 percent increase in their wages.

WILL PROTECT COMPOSERS
P. O'Connor's Copyright Bill Is Accepted by British Government

LONDON, July 16.—The music copyright bill introduced by P. O'Connor and accepted by the government, passed the committee stage in the house of commons. The bill is designed to protect the rights of composers and to ensure that they receive a fair share of the profits from their work. The bill is also designed to ensure that composers receive a fair share of the profits from their work. The bill is also designed to ensure that composers receive a fair share of the profits from their work.

AMERICAN WARSHIPS PREPARE FOR BATTLE

BROOKPORT, Mass., July 16.—Headed by Admiral Robley D. Evans in the flagship Maine, with the battleship Missouri close behind, the South Atlantic squadron began to rendezvous in this harbor today in preparation for the naval war maneuvers. The ships are being prepared for battle and are being loaded with ammunition. The ships are being prepared for battle and are being loaded with ammunition. The ships are being prepared for battle and are being loaded with ammunition.

165 HAVE MALARIA
SAN JUAN, P. R., July 16.—The United States cruiser Columbus sailed today from Boston with 60 malarious on board of whom 165 are suffering from malaria contracted at Panama, where they were stationed on a number of days during the recent elections there. Sixteen of the malarious are seriously ill.

POLITICIAN IS SHOT
KANSAS CITY, Tex., July 16.—W. L. Mayfield, a prominent politician and lawyer, was shot and killed today in a shooting which was the result of a previous disagreement.

CLARK DENIES HARRIMAN HOLDS LINE

Senator in Interview Says That S. P. Control of S. L. Road Is Without Foundation

MONOPOLY OF ORE SHIPMENTS DISAVOWED

Road to Bullfrog to Be Finished in Ten Days—Consolidation of Roads Contradicted

THAT the Southern Pacific Company now controls the ore-shipping business of Nevada is the report from the Southern mining towns and it is asserted that the deal was brought about through Harriman's influence. Clark, however, denies this. Clark says that the deal was brought about through the influence of the Southern Pacific Company, which is a monopoly of ore shipments. Clark also denies the report that the road to Bullfrog will be finished in ten days. Clark says that the road will be finished in ten days, but that the consolidation of roads is contradicted.

REYNOLDS, Nev., July 16.—Senator W. A. Clark and brother J. Ross Clark are here today inspecting the new railroad line now being built from Las Vegas to this camp. In an interview today Senator Clark said:

I am sure that the report relative to the Harriman ownership of the San Pedro, Santa Fe and Los Angeles is absolutely without foundation. In fact I own the controlling interest and always have. There has been no change whatever in the management and ownership of the line from Las Vegas to Promontory. I am sure that the report relative to the Harriman ownership of the San Pedro, Santa Fe and Los Angeles is absolutely without foundation. In fact I own the controlling interest and always have. There has been no change whatever in the management and ownership of the line from Las Vegas to Promontory.

DIAMOND KING DIES
LONDON, July 16.—Alfred Bell, the well-known South African financier, died today. He had been in bad health for some time.

WOUNDED BULLEST IMPROVES

HIGH SCORES WERE MADE AT THE SPRINGS

Millen Was First Prize at Blue Rock Shoot Last Sunday—Another Contest Scheduled for Next Week—Club Members to Be Selected

A host of sportsmen appeared Sunday at Moapa Springs to participate in the blue rock pigeon shoot. The expected match between the clubs from Steamboat Springs and the Moapa club was postponed for a week or two.

Although there was a crowd in the morning when the best shot was brought out to win the prize put up by the best marksman club, the most interest was in the contest between the two clubs. The contest was won by the Moapa club with a score of 20 out of 25 possible. The contest was followed by a contest between the Moapa club and the Steamboat club, which was won by the Moapa club with a score of 20 out of 25 possible.

Another prize match will be held at the Springs on Sunday. The contest will be between the Moapa club and the Steamboat club, which was won by the Moapa club with a score of 20 out of 25 possible.

A party composed of Theo. Stearns, James Clark, Jim Ferguson and Sam Ammon returned yesterday from a sight hunt loaded with the result of Sunday's sport. The shooting occurred near Carson, and while the party in the Secretary of State's Secretary's automobile was taken and Douglas held a difficult time in reaching Carson City again.

THE BOWLING CONTEST

The bowling contest held Sunday at Sun Valley on the Wall Street alley was won by A. B. Pselow of Pack City. His score was 198. Much interest was taken in the game and many other scores were made.

BERGER IS A BIG SURPRISE TO JACK O'BRIEN

PHILADELPHIA, July 16.—Several of the going sounded O'Brien (Pete) the California amateur heavy weight fought gave Philadelphia's Jack O'Brien the heaviest six round battle of his career. Withstanding the O'Brien onslaught, his left to the chin and with a right came back and forced the fight from the first round. O'Brien had all the advantage in the opening round and landed almost at will. His forward seemed to dazzle O'Brien, but as he beat progress the Californian improved.

In the second round Berger opened up a deep scratch over O'Brien's left eye and the Philadelphia had been set back from the nose. Both were averse to blood as they went to their corners. The third round was one of the best yet witnessed in this city. Both men were working hard. O'Brien was forced to use all his cunning to avoid Berger's rushes and his left arm was opened up. O'Brien's first left with a vicious saving of time but in the close of the round O'Brien's short arm felt to Peter's jaw and the latter's knee knocked. The fight went to their corners. The fourth round was a repetition of the third. It was a close and hard fight. The men tried each other.

GEOLOGICAL PLANS OF MANHATTAN CAMP

Leonard D. Singer Writes a Very Important Report Which Will Be Read With Interest by Miners of Nevada Districts

The geological features and the ore deposits of Manhattan are marked by granite uplifts, occurring three miles easterly and southeasterly of Manhattan, flanking the overlying sedimentary beds, generally northwesterly, though there are local variations in the degrees and direction of dip, in superficial areas, according to foldings and faultings of the formation, according to longitudinal and lateral pressure, to meteoric influences and forces eroding and cutting the country as evidenced in gulches and deeply scented canyons.

Traversing the country, too, are numerous eruptive dykes, mostly porphyry, which have local influence upon the strike and dip of the stratified rocks.

Resting upon the Archean granite are extensive beds of Cambrian quartzites, bedded, through conglomerates into beds of carboniferous limestones, and overlying the limestones are schists and shales. Although the region the strata has been more or less squeezed open, along the bedded planes, in many places being contorted, twisted and partially folded. This is chiefly the result of intense pressure, just as the leaves of a book may be contorted into serpentine folds, creating erratic separations and openings between the leaves by hand pressure. And into these spaces, forced upon in the strata, have seeped and flown acid waters, charged with solutions of silicon, coming from siliceous rocks, thus filling, by sedimentation, in filtration and precipitation, forming quartz in deposits and lenses and veins, various in form and magnitude. And these siliceous interpositions thus become part of the general formation—of the country rocks, coming with the uplifted dipping strata, and many such openings, thus filled with quartz, or altered limestones, bear the appearance of fissure veins. Some are of considerable magnitude, running with the uplifted dipping strata, and many such openings, thus filled with quartz, or altered limestones, bear the appearance of fissure veins. Some are of considerable magnitude, running with the uplifted dipping strata, and many such openings, thus filled with quartz, or altered limestones, bear the appearance of fissure veins.

Along the openings and fractures, also in the schists and shales, usually conformable to the strata, are lenticular veins and other veins and deposits, bearing bold in quartz, limestones and gangues made up of the country rocks, and frequently depositions of gold occur in seams of the rocks. The gold-bearing rocks of the schists and shales to over 100 feet in depth, are stained with iron oxides and the rock is somewhat decomposed.

Very rich gold-bearing rock in the schists and shales, as well as in the limestones, have been discovered during the past few months within a mineral belt; in fact, all the important gold-bearing rocks revealed to date have been found within the belt of a mineral belt or zone, defined by the areas of disclosures. And, although similar and like conditions geologically exist beyond, with possible auriferous and other ore deposits, mining claim locations within this belt are now most popular, even only as simply mining claim locations with but prospective values. Such now command prices of \$500 to \$5,000 per claim, according to locality and conditions, while any mining claim within this belt, irrespective of showings and conditions, is considered for its possibilities of rich ore deposits, a very valuable acquisition, notwithstanding the fact that, in accordance with all sense of reason and judgment, as based upon geological features, occurrences and conditions of ore deposits, there are many claim locations therein that will not bear auriferous rocks, neither will they bear other ore deposits of economic importance. However, there are now several good mines, yet, numerous, that would command prices of \$25,000 to \$500,000, and many sales have been made. Numerous other good mines will be developed.

This belt covers an area approximately six miles in length and two to three miles in width, yet hundreds of mining claims have been staked over a section approximating ten miles in length by five miles in width, with numerous camps, towns and cities beyond, where extensive areas are staked, and important discoveries made, all of which will create a mining boom in this section of Nevada such as will attract widespread attention.

Modest Claims Often Carry the Most Conviction

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much better than he felt sure the gun would accomplish. The result of the trial was therefore a great surprise instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach, and bowels and has never been known to fail. For sale by all druggists.

Bowel Complaint in Children

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy as it promptly controls any unnatural looseness of the bowels. For sale by all druggists.

Do Not Neglect Your Bowels

Many serious diseases arise from neglect of the bowels. Chamberlain's Stomach and Liver Tablets are a pleasant and agreeable laxative. They invigorate the liver and regulate the bowels. For sale by all druggists.

SEVEN TROUGHS IS STILL SAID TO BE VERY RICH

Frank Prevost Receives Additional Confirmation by Letter and Telegram of the Reported Very Rich Strike in the Seven Troughs Country

The recent strike in the Seven Troughs country appears to be holding its own, as indicated by a recent letter from H. B. Smith to Frank Prevost of this city. Smith states that everything is staked within ten miles of the strike and that he has secured four claims for himself and Prevost. An offer has been made of \$15,000 for a group of claims near the strike, notwithstanding the fact that the strike proper has been covered up and is guarded night and day by armed men. Smith is said to have secured a sample of the ore which was assayed, and he does not for a moment doubt that the returns of \$75,000 in gold and \$500 in silver was really had.

Chris Gottschalk brought in some float rock from his property that assayed \$160 per ton.

Saved His Comrades Life
"While returning to Grand Army encampment at Washington City a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Houghland, of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the south and west. I always carry this remedy and have used it successfully on many occasions." Sold by all druggists.

MINES AND STOCKS

THE J. M. FULTON BROKERAGE COMPANY

Bullfrog Gold Bar shows a slight advance in market price on the San Francisco board today changing hands at \$1.07 1/2 per share. News from the mine is to the effect that work being prosecuted is meeting with satisfactory results. The large buying orders for Bullfrog Gold Bar that are now in evidence show that mining investors are beginning to understand the altitude and wealth of this property. We conservatively estimate that the coming fall and winter will see an advance of 300 or 400 per cent above present market price, and we want to again advise investors to purchase liberally of this security while it can be bought at the present extremely low figure.

The open call exchange held in the offices of the J. M. Fulton Brokerage Company at 10:20 a. m. today presented many attractive opportunities for the purchase and sale of listed stocks. Investors were able to deal in securities at as good, if not better, figures than could have been obtained on the San Francisco board, and at much less expense. The public is invited to attend the two open calls and see what transactions are made in various stocks. The first call is at 10:20 a. m., the second at 3 p. m.

The stock market today shows but little change. Potlatch, Belcher, Tonopah Extension, MacNamara, West End, Rescue, Gold Bar and Cashboy all show slight advances.

Write for our weekly market letter containing information regarding the different mines and mining securities of Nevada.

ACTIVE WORK BEING

ADVANCED IN MINES

The Condition in Many Districts Is Most Gratifying and a Great Deal of Work Is Being Done by Aggressive Operators

The Humphrey-Kirman Syndicate is enlarging its mill at Loepe. It is proposed to do active work on this property at once.

At Bodie the south and mill is crushing ore from the Noonday mine. It will be remembered that not long since a slab of almost pure gold, valued at \$1,200,000, was taken from the Antelope mine at Mount Mountain and now, a fairly good level of gold, the size of a man's hand, has been found in that property.

The Tonopah-Carson Company has set aside \$15,000,000 for development work on properties about one mile due west of the West Tonopah and directly across a large porphyry dike which can be plainly traced on the surface, almost as far as Loan Mountain.

The main vein on the Broncho Mustang has been opened up at Manhattan. The quartz carries considerable free gold. The main shaft has attained the depth of 125 feet.

The board of directors of the Tonopah-California Mining Company has appointed J. W. Chandler of Tonopah consulting engineer for the company and all exploitation will in the future be under his immediate direction.

The main shaft on the Original Bullfrog at Bullfrog has reached a depth of 185 feet, unlined from top to bottom, square sets. They are now cross-cutting east and west at the 161-foot level, from the main shaft, working ten men. The intention of the management is to sink the shaft another 100 feet. In the old Pierce shaft they are cross-cutting from the fifty-foot level. These workings are in quartz.

Work is progressing steadily at the property of the Maganoff Silver Bow Mining Company, situated three and a half miles northeast of Silver Bow. Operations on this mine are being prosecuted by Messrs. Cook and Laws of Tonopah, who have a lease on the same. The shaft is down about 120 feet and the ledge is from fifteen to twenty-five feet wide, with ore that will average clear across \$35 to the ton.

TRADE AND FINANCE IN THE WORLD MARKETS

NEW YORK STOCKS ADVANCE SLIGHTLY
and Money Conditions are Somewhat Easier. Wheat is Firmer, but Other Grains and Produce Easy

NEW YORK, July 16.—The relaxation in the pressure to sell stocks which had been in evidence at declines for several days was not altered materially today by the advance in prices. A material change in the tone of the market was the consequence. Hitherto the sentiment of the speculation has contained in vain against the steady and determined pressure to sell stocks whenever prices turned upwards and on the very occurrence which could be interpreted in a way favorable to values.

The principal event of the day was a purchase in the open market in London of \$2,000,000 in gold for shipment to New York. The demonstration of the ability to draw gold without the facility of government deposits caused an easier feeling over the money situation.

The price of gold, however, was an advance of a full penny over the market price. Sterling exchange at Paris also fell back. The call money market here was easy in spite of some large requirements falling due on the 13th and the forty per cent installment payable on Baltimore and Ohio stock subscriptions. Saturday's strong bank statement had some belated influence in helping stocks. Some gains were made also of the coming return of J. P. Morgan to New York, which occasioned a revival of the Great Northern loan deal with the United States Steel Corporation. Hopes are entertained that the market in which the Panama canal bond flotation is being managed may yield some help to the money market by the shifting about of government deposits. A stronger market for copper in London was a favorable factor for Amalgamated Copper.

Bonds were irregular. Total sales, par value, \$1,725,000.

The Money Market.
NEW YORK, July 16.—Money on call easy, 2 1/2 per cent; ruling rate 2 1/2 per cent, closing bid 2 1/2 per cent, offered 2 1/2 per cent. Time loans very strong. Sixty days, 4 1/4 to 4 1/2 per cent; ninety days, 4 1/2 per cent; three months, 5 1/4 to 5 1/2 per cent. Prime, mercantile paper, 5 1/4 to 5 1/2 per cent, sterling exchange, steady, at 4.84.50 to 4.84.55 for demand and at 4.81.50 to 4.81.85 for sight bills; posted rate, 4.82 1/2 to 4.83 1/2 per cent; commercial bills, 4.81 1/2 to 4.82 1/2 per cent; Mexican dollars, 50 1/2 c; government bonds strong; railroad bonds irregular.

Price of Silver.
NEW YORK, July 16.—Bar silver is quoted here today at 65 1/2 c.

Grain and Produce.
CHICAGO, July 16.—Notwithstanding enormous receipts at primary points in this country the wheat market was interesting all day because of advances from Russia which told of continued unfavorable weather for harvesting and the decrease in exports. A stronger market was favorable to the bulls, the amount of breadstuffs on ocean passage showing a decrease of 2,176,000 bushels and the world's shipments being only 4,000,000 bushels last week. The market closed firm. September, opened 75 1/2 c to 75 3/4 c higher, 75 3/4 c to 75 1/2 c, sold up to 75 1/2 c and closed at 75 1/2 c, a gain of 1/4 c. Sentiment in the corn market was bullish because of rains in various sections of the corn belt. September closed easy, 3 1/4 c to 3 1/2 c, at 3 1/2 c. Weather conditions were favorable for oats crop and the market was an easier tone. September closed at 3 1/4 c to 3 1/2 c, a loss of 1/4 c.

Provisions were dull and easy because of unusually large receipts of live hogs at the stock yards. At the close September pork was unchanged, lard was off 5 c and ribs were 5 c lower.

PORTLAND. July 16.—Wheat—club, 7 1/2 c; bluestem, 7 3/4 c; red, 6 1/2 c; valley, 7 1/2 c.

Tacoma. July 16.—Wheat—club, 7 1/2 c; red, 6 1/2 c; valley, 7 1/2 c.

Live-stock Markets.
CHICAGO, July 16.—Cattle—Receipts, 27,000; market 5 1/2 to 6 1/2 c; beefs, 14 1/4 to 14 3/4 c; cows and heifers, 13 1/4 to 13 3/4 c; stockers and feeders, 12 1/4 to 12 3/4 c. Hogs—Receipts, 56,000; market 10 1/2 to 10 3/4 c; heavy, 10 1/2 to 10 3/4 c; light, 10 1/2 to 10 3/4 c; bulk of sales, 10 1/2 to 10 3/4 c.

The Wool Market.
ST. LOUIS, July 16.—Wool—Steady; medium grades, combing and clothing, 24 1/2 to 25 c; light fine, 18 1/2 to 19 c; heavy fine, 14 1/2 to 15 c; tub washed, 22 1/2 to 23 c.

RENO WEATHER REPORT

Forecast—Cloudy, unsettled weather today

Yesterday's observations at the local office United States Weather Bureau:
Maximum temperature, 92 degrees; minimum temperature, 54 degrees; mean temperature, 73 degrees, which is 1 degree above normal.

Accumulated excess of temperature since the first of the month, 78 degrees.

Accumulated deficiency of precipitation since the first of the month, .01 inches.

Accumulated excess of precipitation since the first of January, 2.31 inches.

Go to Kieley's, 240 North Virginia street, for Nevada Red Raspberries. Four hundred cases to be sold at \$1.50 per case at once.

Hear the new Melodion at the Palace Saloon.

COPPER BELT HAS A GREAT SHOWING OF ORE

T. M. Sellers Has a Valuable Group of Claims in the Dogskin District, Which He is Steadily Developing, With a Large Force

The great copper belts north of Reno are attracting a great deal of attention and mining men of experience are making a careful examination of these fields and much active work is being done in the short time. One of the best known mining operators in that section is T. M. Sellers, whose property is located two and one-half miles east of the old Nash property. The property was recently taken over by Dogman and Richards, Manhattan operators. On Mr. Sellers' property the vein has been traced a distance of one and a half miles on the surface. The dikes are very prominent and highly mineralized and the veins are curved in a contact of schist, horn blende and andesite. This formation is the hanging wall and time on the foot wall. The veins are from 50 to 150 feet wide and the shoots carry copper, gold, silver and lead. There is copper carbonates and copper pyrites. The trend of the vein is northeast and southwest and the values show from \$25 in gold and silver to \$100. The country rock of this district is granite.

There are many large parallel dikes which trend with the veins. These dikes carry very richly mineralized and carry values of from \$50.00 to \$100 per ton.

B. & T. Beauty Parlors
We take pride in our manicuring, shampooing, facial massage and electric treatment. Come and see us. 16 Clough-Crosby block.

Bond, were irregular. Total sales, par value, \$1,725,000.

DEMOCRATIC AND SILVER CALLS FOR CONVENTIONS

Headquarters of the Democratic State Central Committee and of the Silver Party State Central Committee of Nevada, Reno, Nev., June 28, 1906. At a meeting of the Democratic State Central Committee of Nevada and of the Silver Party State Central Committee of Nevada, held at Reno, Nev., on April 21, 1906, it was ordered that the State conventions of the Democratic and Silver parties of Nevada be held at Reno, Nev., on Wednesday, August 29, 1906, at 12 noon, for the purpose of nominating a ticket to be voted for at the next general election to be held on Tuesday, November 6, 1906, consisting of:

One Representative to Congress.
One Governor.
One Lieutenant-Governor.
One Justice of the Supreme Court.
One Attorney-General.
One State Treasurer.
One State Controller.
One Surveyor-General.
One Superintendent of Public Instruction.
One Superintendent of State Printing.

Members of the State Board of University Judges of the various Judicial Districts of Nevada.

Also for the selection of a State Central Committee and the transaction of all other business as may properly come before it. The basis of representation of the respective counties in said conventions for each party shall be one delegate for each fifty votes of any fraction thereof and not less than twenty-five cast for Hon. H. F. Bartine, Democratic and Silver party candidate for Justice of the Supreme Court in 1904, aggregating 112 delegates for each convention apportioned as follows:

Democratic Silver Party
Churchill 4 3
Douglas 4 3
Elko 12 12
Esmeralda 12 12
Eureka 4 4
Humboldt 9 9
Lander 3 3
Lincoln 7 7
Lyon 6 6
Nye 11 11
Ormsby 6 6
Washoe 19 19
Storey 10 10
White Pine 4 4

The several Democratic and Silver Party County Central Committees of Nevada counties in which there are no such committees, the State Central Committees are hereby authorized and directed to call a

Primary Election
of the people in accordance with the statutes in such cases made and provided for Saturday, August 11, 1906, for the purpose of electing delegates to said conventions in accordance with the above basis of representation.

The Test.
At said primary elections the test to be exacted of those voting at the Democratic primaries shall be as follows: "I am a Democrat" and at the Silver primaries, "I am a Silver man."

The Primaries.
Resolved, That the delegates to the conventions be selected at primaries to be held in accordance with the laws of Nevada, and where no primaries are held the County Central Committees shall appoint delegates and where there is no county committee the local members of the State Central Committee shall be authorized and directed to appoint, and where there is no County Central Committee, or members of the State Central Committee, the State Executive Committee of the State Central Committee of each party shall make the appointments.

Secretaries of the various County Central Committees are requested to forward a certified list of the delegates as selected or appointed to the chairman of the State Central Committees of both parties.

At the aforesaid meeting of the State Central Committees of both parties it was unanimously resolved and recommended that the two conventions hereby called meet in joint convention.

JAMES G. SWENEY,
Chairman of Democratic State Central Committee.
Attested: E. L. BINGHAM, Sec.
J. E. SOUCHEREAU,
Chairman of Silver Party State Central Committee.

Attest: G. W. MACK, Secretary.
(Democratic and Silver Party papers throughout the State please copy.)

EDITORIAL COMMENT

Roosevelt's Choice

HERE seems now to be but little doubt as to who is the favorite of Mr. Roosevelt for the presidency of the United States to succeed himself. He has thrown the glassy eye upon, turned the marble heart to the aspirations of Messrs. Root, Fairbanks, and Cannon, and the genial rays of his indorsement now repose their kindly gleam upon the portly form of Secretary Taft.

The Republican party is split into two camps—one standing for the old-time "conservative" idea that has made the organization the slave of special interests and the handmaid of the great corporations ever since the administration of Grant, and the other striving to give it some resemblance to the Democratic party—the party of the people. Fairbanks and Cannon represent the hopes of the conservatives; Taft and Root are presumed to bear the hallmark of radicalism, although some doubt is entertained of the real attitude of Root, because of his former occupation of attorney to several great trusts.

It speaks volumes as to the condition of the Republican party when a man like Taft is put forth as the foremost champion of the popular cause with its ranks. Taft, the friend of the coolie; Taft, the enemy of the exclusion law; Taft the Chinese-lover; Taft, the encourager of the cheapest of cheap labor; Taft, the instrument of the advocates of low wages, of long hours, of industrial servitude. Whatever the workingman of the east may think of Taft as the greatest friend of the common people now in the ranks of the Republican party, the Pacific Coast laborer is under no illusions regarding this able friend of Chinese immigration.

It seems that the issue for 1908 is clear-cut so far as the people of Nevada are concerned. It is to be Bryan, the friend of silver, against Taft, the friend of Chinese labor. The Democrats of Nevada await the conflict with impatience.

EARNST DENICKE, who wantonly killed a poor laborer during the early days of the San Francisco catastrophe, is actually to be tried for the deed. The shocking bad taste of such a procedure appears the more deplorable when it is known that Denicke's father is a man of wealth.

A NEW YORK newspaper suggests Bryan and Towne as the Democratic ticket in 1908. We favor the suggestion. Such a ticket would put the G. O. P. out of business in this state.

SAN FRANCISCO seems to have obtained a temporary loan of the muck-rake, and everybody down there, from Mayor to Police commissioner is making a grab at it.

THE Republican gubernatorial nomination seems to have a hard time finding a victim in the State of Nevada.

Bryan True to Silver

WITH that matchless constancy and bravery which has ever distinguished his every action, William J. Bryan reaffirms his belief in the doctrine of free coinage of silver. No better proof than this could be given of Bryan's assertion that he does not seek the presidency, for no other action could so dangerously impair his strength with the people of the east.

There was no call for Bryan to make such a declaration. The silver question is not at present an issue and in all likelihood will not be one when the times for the campaign of 1908 arrives. The bank-ridden Republican party settled that part of it during the years between 1896 and 1904 so very effectually that silver is sleeping a sleep that is almost as profound as that of death. But Bryan is too brave and honest to shrink a declaration of his convictions whenever asked a question regarding them, and, regardless of the disfavor with which such declaration might be received in the powerful sections where it would most offend, he stated his unaltered and unalterable belief in the free coinage of the money of the constitution.

The voters of Nevada, five-sixths of whom cast their ballots for him when he ran for President, will take great satisfaction in the loyalty of their champion of their greatest industry, and will undoubtedly support him when he becomes the nominee of the Democratic party in 1908. They will also express their indorsement of the Bryan movement by voting the Democratic ticket—the ticket of the party of which he is the foremost leader—in the State campaign this fall.

The shirttail is to be made a political issue in Kansas, a movement having been set on foot to organize the farmers into a party to urge the lengthening of shirts, the argument being advanced that if every shirttail was made two inches longer the added cloth would consume the entire cotton surplus. It is presumed that in campaign parades the party emblem will make quite a showing.

When Col. Bryan returns and sizes up the gang that has climbed into the front seats of his band wagon he may order the driver to unhitch and call off the parade.

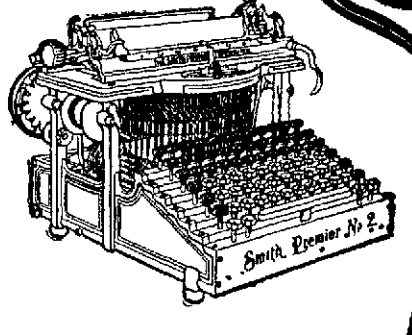

A FRENCH duel recently resulted in one of the participants being wounded. Accidents will happen now and then.

BOURKE COCKRAN is to be married. He is to find out at last that one person can't do all the talking.

THE people who were kicking a few weeks ago because the winter lasted too long haven't much to say these days.

WITH one ribbon and its new three-color device

The New Tri-Chrome Smith Premier Typewriter is virtually three typewriters in one. It produces indelible black, purple copying or red type-writing at the will of the operator. One ribbon and a small, easily operated lever do it all.

This machine permits not only the use of a three-color ribbon, but also of a two-color or single color ribbon. No extra cost for this 1906 model.
